"People with little English knowledge came to the English class to learn. I like going to the class. It is very accessible and the teacher clearly explains the grammar. The class is a kind and warm atmosphere. It's a pity that we only meet once a week.

"First of all, I would like to thank you for the opportunity to learn English. I think the class is very good and I enjoyed learning there. I like how every class begins exactly at 5pm. I also like the topics we learnt. The teacher explains things very clearly. The teacher also jokes sometimes in the classroom which helps me not to feel too anxious. I think it is a good thing that he asks the students questions because the teacher makes sure that everyone is on the right track and not falling behind.

My teacher is friendly and very helpful and he wants the best for all of his students. The class itself makes a good team and I am happy to be a part of it.

Thank you for the opportunity again."
